Dear Members and Friends לראי"ט:

It is our pleasure to announce the publication by Feldheim Publishers of

**A Unique Perspective
 Rav Breuer's Essays 1914-1973.**

This 550-page volume contains 136 essays by Rav Dr. Joseph Breuer זצ"ל, the founder of our Kehilla, presented in chronological order to give the reader a sense of the history of the times. The essays deal with all aspects of Jewish living: from the everyday challenges of leading a Torah-true life in the modern world to the emotional moments of the Yomim Nora'im and Yomim Tovim; from the world of the Holocaust to the rise of a Jewish state in Eretz Yisrael; from the learning program of the Frankfurt Yeshiva to the education of modern-day yeshiva students; from the fledgling beginnings of our K'hal Adath Jeshurun to its becoming the model Kehilla known the world over. Rav Breuer's essays reflect the teachings and Torah im Derech Eretz hashkafah of his grandfather, Rav S. R. Hirsch.

The volume can be ordered directly from the Kehilla for \$25, including shipping. Please make check payable to K'hal Adath Jeshurun. Orders received in time will be shipped one or two weeks before Pesach.

Sincerely yours,

K'HAL ADATH JESHURUN
