Chochmo uMussar (Hebrew edition)

ספר חכמה ומוסר by Rav Dr. Salomon Breuer זצ"ל (1850-1926), talmid of the K'sav Sofer, successor of Rav Samson Raphael Hirsch and Rav of K'hal Adath Jeshurun in Frankfurt, first appeared in German in 1932. The subtitle of the Sefer --- חדושי אגדתא על שבתות השנה וימים טובים --- reflects its content: original interpretations on Parshas Hashovua and Yomim Tovim. The Torah teachings and Torah im Derech Eretz *hashkafah* of Rav Hirsch are an integral part of the subject matter of the Sefer and its purpose --- to impart us with חכמה to understand life and מוסר to lead our lives.

Under the auspices of the Rabbi Dr. Joseph Breuer Foundation, Rabbi Tzvi Jacobson (Halberstadt, Berlin, Jerusalem), an expert professional translator, has translated the work to לשון הקודש to meet the demand for such an edition. The language is clear and appeals to both those in Eretz Yisrael and Chutz L'aretz. A biography of Rav S. Breuer as well as a history of the Frankfurt Kehilla of his time are included, both by Rav Dr. Joseph Breuer זצ"ל.

is published by Feldheim Publishers. The 423-page Sefer may be ordered through our Kehilla office for \$15 a copy (including shipping).
